UX & Product Designer | Industrial Design | Accessibility & Inclusive Design

PROFILE

Industrial Design graduate with hands-on UX/UI design experience across startup products, healthcare platforms, and government accessibility initiatives. Skilled in wireframing, prototyping, user research, and brand identity using Figma, Adobe XD, and the full Adobe Suite. Co-founded a healthcare directory platform (GetExpanded) with direct responsibility for the user experience, content strategy, and community growth. Trilingual (English, French, Arabic) with an active federal Reliability Status security clearance.

SKILLS

UX & Design: Wireframing, low-fidelity prototyping, UX skeletons, user testing, user research, concept development, brand identity, graphic design, accessibility (WCAG/GC standards)

Design Tools: Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop, Premiere Pro, Fusion 360, SolidWorks

Content & Media: Videography, video editing (Final Cut Pro, Premiere Pro), social media content, script writing, email campaign design

Marketing & Growth: Social media strategy (TikTok, Instagram, Facebook, YouTube), community management, influencer/expert collaborations, campaign analytics

Productivity: MS Office Suite (advanced), Google Workspace, GCdocs, EConnex, Repurpose.io, Logic Pro

Languages: English & French (PSC SLE: CCC), Arabic, trilingual

Clearance: Reliability Status (active)

EDUCATION

Bachelor of Industrial Design Sep 2015 – Apr 2020

Carleton University, Faculty of Engineering and Design • Ottawa, Ontario

Focused on human-centred design, ergonomics, prototyping, CAD modelling, and inclusive design principles.

AWARDS & RECOGNITION

- 2nd Place, 3D Hubs x Gillette 3D CAD Design Competition (2019): International CAD competition recognizing outstanding product design and engineering.
- ACIDO Rocket Award, Finalist (2020): National award recognizing outstanding graduating industrial design students across Canada.
- Professor Book Award (2020): Faculty recognition for academic excellence and design achievement.
- Dean's Honour List (2019–2020): Top academic standing, Faculty of Engineering and Design.

WORK EXPERIENCE

Co-Founder, Head of UX and Operations 2024 – Present

GetExpanded, Airway Healthcare Provider Directory • Ottawa, Ontario • getexpanded.org

- Co-founded a healthcare directory platform connecting airway health providers and patients; co-led end-to-end user experience design for both provider and patient-facing interfaces.
- Designed UX skeletons and ran structured test scenarios to identify pain points and improve information architecture for two distinct user groups (providers and patients).
- Conducted audience and market research to define user personas, targeting strategies, and content frameworks for provider recruitment and patient acquisition.
- Designed and managed email campaigns and built monetization plans to support platform growth.
- Led all marketing operations: content creation, weekly live community discussions, social media promotion (pre- and post-event clips), and collaborations with top field experts.
- Grew and managed an engaged community of 450+ members through targeted outreach, expert partnerships, and consistent content programming.

Contract UX/UI Designer May 2019 – Jul 2019

LISN, Podcast Application (Startup) • Ottawa, Ontario

- Contributed to early-stage UX/UI design for a startup podcast application, working directly with the founding team.
- Created wireframes and low-fidelity prototypes of the core interface using Adobe XD.
- Conducted market research, branding exercises, and user-testing sessions to validate design decisions and surface usability issues.

Program Support Officer (Indeterminate) Oct 2023 – Present

Accessibility and Inclusivity Office, Public Services and Procurement Canada • Ottawa, Ontario

- Co-developed the GCWorkplace Accessibility and Inclusivity Guide for the Built Environment, responsible for structure, formatting, accessibility compliance, and consolidating stakeholder feedback into a cohesive document.
- Led stakeholder consultations for the Multifaith Space initiative, synthesizing user and stakeholder needs into design recommendations that shaped federal workplace environments.
- Facilitated virtual working sessions with government stakeholders, capturing requirements and tracking action items through to resolution.
- Delivered bilingual presentations at departmental events to build awareness of accessibility and inclusive design across the branch.

Additional Leadership: Chair, WSS Social Committee (2024 – Present)

- Elected Chair; led a 10-person volunteer committee, planned three branch-wide annual events, and reported outcomes to the Director General.

Founder and Creative Director Nov 2021 – Present

Moreso Digital • Ottawa, Ontario

- Founded and operate a social media content marketing studio, delivering content strategy, brand identity, graphic design, and video production for clients.
- Directed daily operations including project scheduling, budgeting, client communications, and financial record-keeping.
- Supervised a team of 5 contractors, delegating tasks and maintaining quality standards across concurrent client projects.
- Prepared strategic reports including market research, data analysis, and KPI tracking to inform business and client decisions.

Industrial Design Intern Nov 2018 – Sep 2019

Oneid Engineering / Portal 724 • Ottawa, Ontario

- Drafted design proposals and technical reports for client stakeholder presentations.
- Created floorplans and CAD models (Fusion 360) to support renovation and space planning projects.
- Conducted site visits, took measurements, and documented findings to inform engineering and design teams.

Field Support Network Agent Apr 2021 – Sep 2021

Elections Canada • Ottawa, Ontario

- Provided real-time telephone and technical support to election officials nationwide under tight deadlines; documented cases in ECconnex and generated management reports.

Customer Service Representative Jan 2017 – Dec 2024

Routhier Community Centre, City of Ottawa • Ottawa, Ontario

- Delivered frontline client service including program registrations, facility bookings, payment processing, and issue resolution.
